Subject Community Health Program Meeting

Hi. Our new Community Health Program meeting will meet for the second time tomorrow, Thursday, May 12 at 10:00 a.m. at the Swansea Rec. Center.

Here is a tentative agenda for us to follow:

1. Reaffirm what the purpose of this group is and what the expectations are of those of us participating.
2. Update from the latest Steering Committee meeting
3. General discussion about how to approach current Community Health Program issues - brainstorming ideas and problem solving. Some issues include:
  - Canvassing/field strengths/areas for improvement/what Community Healthy Workers are seeing/hearing
  - Process for parents obtaining KAPHS data
  - Need assistance to leaflet neighborhood blocks adjacent to biomonitoring clinics (one to two days before clinic).
  - Outreach Development Group activities update (the Friday group)
  - Hiring more Community Health Workers.
  - Small grants process
4. Whatever else comes to mind having to do with the Community Health Program.
